

## *CK-BTB-300D Medicine Box Cellophane Packaging Machine*

Medicine Box Cellophane Packaging Machine is widely applicable to the automatic film packaging (with gold tear tape) of various single boxed articles, such as the medicine, health products, foodstuff, daily cosmetics, stationery articles, and audiovisual products.

### **Introductions:**

1. Human-computer interface;
2. PLC control and automatic failure diagnosis;
3. Servo motor and automatic film feeding;
4. Pneumatic driving and running smoothly;
5. Capacity 40-80 packs/minute

When the size and specification of small boxes change, just change the mold and make appropriate adjustment.

This medicine box over wrapping machine adopts microcomputer control to the heating plate of sealing, which can set the heating temperature by itself according to the change of external environment.

## Technical Data

<b>Model</b>	<b>CK-BTB-300D</b>
Packaging material	film and gold tear tape
	(bopp thickness: 22 $\mu$ m, tear tape:2.5mm,3mm)
Packing speed	40~80 boxes/min
Max.package size	(L)240*(W)120*(H)60mm
Power	220V 50Hz 5kw
Machine weight	550kg
Machine dimensions	(L)2000*(W)700*(H)1400mm
