

CK-188 Hanging Ear Type Drip Coffee Bag Packaging Machine

This drip coffee packaging machine can apply to packing small type grain-like materials or powder. Autopackm.com offer hanging ear type coffee packing machine with factory price. Drip coffee is easy to carry and simple to use, which is popular in many countries like Saudi Arabia, Kuwait, Finland, Japan etc

Characteristics:

1. All parts contacting material are made of SUS304 stainless steel.
2. Outside sealing is controlled by stepper motor control, bag length stable, accurate positioning. Inside bag uses ultrasonic sealing.
3. Using the PID temperature controller, can more precision control temperature.
4. PLC control action of the machine, man-machine interface display, easy to operate.
5. Parts of the cylinder adopts imported parts, ensure the working accuracy and stability.
6. Additional device can complete the flat cutting, date printing, easy tear etc.

Technical Data

Model	CK-188
Sealing Type	Three Sides Seal
Packing Range	1-15g/bag
Inner Bag Size	L: 50-75mm; W: 50-75mm (Special size can customize)
Outer Bag Size	L: 85-120mm; W: 75-95mm (Special size can customize)
Label Size	L*W: 25*25 (Special size can customize)
Voltage	220V, 50Hz, Single phase
Total Power	3.7Kw
Heating Device	Up vertical sealing heating tube(inner) 110V 350W 2pcs;
	Up cross sealing heating tube(inner) 110V 350W 2pcs;
	Label heating tube: 110V 100W, 2pcs;
	Down vertical sealing heating tube(outer) 110V 350W 2pcs;
	Down cross sealing heating tube(outer) 110V 350w 2pcs.
Weight	650KG
Dimension	1050*700*1300(L*W*H mm)
