

## CLM 450 Gummy Production Line

The CLM 450 Gummy Production Line is a high-performance, automatic machine designed to manufacture gummy candy. The line can produce up to 450 kg of product per hour, making it an ideal choice for high-volume producers.

The CLM 450 features several advanced technologies that ensure consistent quality and reliable performance. It is also easy to operate and maintain, making it an ideal choice for busy candy manufacturers. With its efficient design and reliable performance, the CLM 450 Gummy Production Line is the perfect choice for any gummy candy manufacturer looking to increase production capacity.

### Technical Parameters

Model	Capacity(kg/h)	Candy weight(g)	Machine length(m)	Gross weight(kgs)
CLM 450	450	As per candy size	16	8000
