

## TFP-A3/B3 Semi-Automatic Free Standing Auger Filling Machine

Semi-automatic Free Standing Auger Filling Machine is mainly composed of auger filler head, free standing structure, control cabinet, driving motor, weigher etc. The semi-automatic auger filling machine is usually used for powdery or fine granular products quantitative metering and filling for premade bags, bottles, cans etc.

### Applications

This semi-auto auger filling machine is OEM designed for our Europe Agent. It can be applied to the quantitative measurement of a variety of powders or fine particles such as flour, coffee powder, milk powder, tapioca flour, seasoning powder, chemical powder and other materials. It is suitable for bags, cans, bottles semi-auto filling.

### Technical Parameters

Model	TFP-A3	TFP-B3
Metering Mode	Screw quantitative	Screw quantitative
Weight Range	1-500ml	10-5000ml
Packing Accuracy	≤0.3-1%	≤0.3-1%
Packing Speed	15-60times/min	10-45times/min
Power Supply	380/220 50HZ	380/220 50HZ
Total Power	1KW	1.5KW
Machine Weight	150kg	260kg
Hopper capacity	25L	50L
