

# PW-12

## Kraft Paper Wrapping Machine

The Advantage Machinery PW-12 is a fully automatic paper wrapping machine that is efficient and easy to use. The machine uses a Kraft paper roll to wrap square products. The machine can be fed by hand or inline with the production line. The product goes in through the infeed conveyor where a pusher takes the product into the paper wrapping section. A sleeve gets made around the product and then the sides get folded and tucked in. The product is sealed closed with pressure sensitive tape and delivered. The machine is ideal for books cd and magazines.

Model	PW-12
Packaging Size LxWxH (in)	(3.750~9.37) x (2.25~12.25) x (3.5~11)
Max. Speed (Pieces / min)	12
Kraft Paper Thickness (gsm)	70
Max. Diameter of Roll (in)	18.87
Power (Volt / Ph / Hz / Amps)	220 / 3 / 60 / 15
Machine Weight (Lbs.)	9000
