

# CP-50

## Coffee Pod Packaging Machine

### Configuration List:

- PLC: Omron Touch screen: Omron
- Relay: Japan Omron
- Temperature Controller: Omron
- Eyemark Sensor: Panasonic
- Servo Motor: SCHNEIDER
- Cylinder: AIRTAC
- Power Control: SCHNEIDER

### Uses:

- Automatic coffee pod packaging machine, with inner pod and outer bag.

### Characteristics:

- Horizontal design for elegant coffee pod.
- Servo motor driven auger filler
- With nitrogen flushing, nitrogen generator as option
- PLC control touch screen operation

Technical Data	CP-50
Capacity(bags/min)	10-50
Range of measurement(ml)	1-20
Pod diameter(mm)	40-80
Bag size(mm)	Inner bag round shaped bag, round shaped bag with ear Outer bag: three sided/ four sided
Voltage Power	380v/50, 220v/50-60hz 3.5kw
Packing material	Coffee filtering paper, Paper/PE, PET/AL foil/PE, pet/PE, NYLON/PE
Air-consumption	0.3m <sup>3</sup> /min, 0.6-0.8mpa
Net weight(kg)	800
Overall Dimension(mm)	1700*1500*1850( L*W*H)
