

Full Automatic Front Back Double Sides Self Adhesive Sticker Labeling Machine

The machine is produced by Reliable, Which has more than 15 years experience in Machinery. The machine has large touch screen and it is easy to operate. It has high quality steel chain and it has long life span. It is suitable for various industries, such as daily chemical, health care, chemical, electronics, wine, condiment and so on. It adopts servo motor with high precision and fast speed. It can be labeled on both sides at the same time, with simple operation, convenient maintenance and automatic memory function.

Technical Parameters

Type		
Labeling data	Height of label	20-200mm
	Width of label	10-110mm
	Label Roll diameter	350mm
Machine data	Label Roll core	76mm
	Production capacity	0-40m/min
	Voltage	220V 50HZ
	Weight	300KG
	Overall Size	2600*1200*1600mm
