

Automatic Coffee Packaging Machine for Soft Round Tea Bags

Automatic Filter Paper Coffee Pod Packing Machine, 3g, 7g, 8g Coffee Powder Round Packing Machine. Automatic packaging machine for packing coffee into soft round tea bags

Main characteristics

1. Using PLC control system and touch screen.
2. The filling and frame of the machine cup are made of food grade 304 stainless steel.
3. Intelligent photoelectric localization, strong anti-interference, continuous three-bag cursor emergency shutdown alarm.
4. In the nominal range, the compaction speed is steplessly adjustable, and the stop is installed.
5. In volumetric measurement, packaging materials of the same density must be measured accurately in accordance with national standards.

Specification

Packing speed	50-65 bag/min
Filling range	2-7g
Voltage	220V/50HZ/1.6KW
Air source	0.4-0.7mpa
Air consumption	>0.1m ³ /min
Weight	400KG
Size	760*860*1730mm
