

Double Side Labeling Machine GS-T712

GST-712 double side marking machine for square or flat bottles. It is widely used in daily chemical, cosmetic, petrochemical, pharmaceutical and other industries, such as shampoo flat bottles, lubricant flat bottles, etc.

Technical Parameters

Model	GS-T712
Voltage	AC220V, 50Hz
Machine Dimension	Length 2100(L)*650(W)*1500(H)(mm)
Conveyor line height from the ground	700mm
Labeling accuracy	±1mm
Labeling speed	10-200 pcs/min
Applicable product range	Length 25mm~φ200mm
	Width 10-200mm
	Thickness:0.05-2mm
Compatible label size	Length: 5-300mm
	Width: 10-170mm (including backing width)
Maximum label diameter supply	300mm
Roll label inner diameter	76mm
Working environment	10~40°C
Relative Humidity	15-85%
